USEFUL INFORMATION

CUE manages recruitment for study placements, including all exchange programs.

Most universities require IELTS or TOEFL or CAE/CPE certification.

Scholarship is an exemption from tuition fees

at a foreign university, whereas the student covers his/her own travel and accommodation costs.

Some colleges offer a free dorm (Ukraine, Kazakhstan, Moldova);

The following programs constitute exceptions: for placements at Grand Valley State University (USA), the university covers the costs of accommodation and insurance, and offers scholarships for food and books; while Hiroshima University of Economics (Japan) offers a comprehensive STEP scholarship.

This kind of international exchange is an opportunity to get to know less frequently visited but nevertheless very attractive corners of the world.

We recommend these study destinations, which guarantee unique and unforgettable learning experiences.
