Key facts:

1. To & from the airport and train station / Krakow airport is conveniently located approximately 10 km from the centre of Kraków. It is served by buses, trains and taxis. The train station is located in the centre of the city, and very close to the CUE.
2. Personal safety / Generally Kraków is a nice and friendly city, "cool" and enjoyable especially for young people. Fortunately, the rate of violent crime is low. Don't be an easy target for pickpockets and don't ask for trouble. Don't be foolish with drugs and alcohol. These common-sense rules are enough to keep you safe.
3. Transportation / Public transport is well developed, not expensive, and often preferable to driving, because of traffic congestion. Don't take a chance riding a tram or a bus without a valid ticket. You may think the chances are low to get caught, but that is not true. Biking is increasingly popular, with a growing network of bike routes.
4. Must see / Market Square area; Kazimierz – the old Jewish District; Wawel Hill with the Royal Castle; the 42-foot-high and 36-foot-wide Veit Stoss' altar at St. Mary's church – the largest Gothic sculpture in the world; the Collegium Maius – the oldest surviving building of Poland's first university (1364); Wyspiański's stained-glass windows in the basilica of St. Francis ...to name but a few of many world-class historical treasures.
5. Holidays / Most Polish holidays have religious or national origin. Expect banks, shops, and most public places to be closed, while public transportation operates on Sunday schedules for the listed holidays.
